---

Kathy,

As we discussed the analytic blueprint sign-off from the workgroup (in this instance) meets the intent of the ADP process. Further management sign-off is not needed at this time. The issues and plan described in the analytic blueprint have been vetted by senior leadership through early guidance and will be updated as needed going forward.

Please let me know if you have any questions.

Joe

**Subject:** quick update on CWA 404(g) rule revision activities

Hi all,

With today's call being postponed there are a few items I wanted to make you all aware of as they are moving through the system and will/should pop before our next call.

1. Tribal Consultation to seek input on the rulemaking:
  - a. Letters are with OW for Dave Ross' signature and to be mailed this Friday to all tribal leaders
  - b. Consultation to be 60 days starting October 22<sup>nd</sup>;
  - c. 4 scheduled meetings right now: Two in-person presentations in Denver on October 24 – NCAI & NTWC IETC, Nov 20 and Nov 29 – webinars
2. Face to face meeting with State environmental managers
  - a. December 5<sup>th</sup> – all day meeting will be closed to press, will have Dave Ross there, will be webinar available, Pat Field will facilitate (we could use extra hands with logistics if you are available and willing to help)
  - b. Letters in process and hopefully will go out next week under Dave Ross' signature
3. Analytic blueprint – YES, Kathy still owes this to you and your management.
4. Webpage – we will have a skeletal webpage up in time for the tribal consultation next week. We will continue to build it out – thank you everyone for your assistance and comments on that (not all were asked to comment; so, if you've no idea what I'm talking about, don't worry) Huge thanks to Brittany for getting this up!!!!
